

Features:

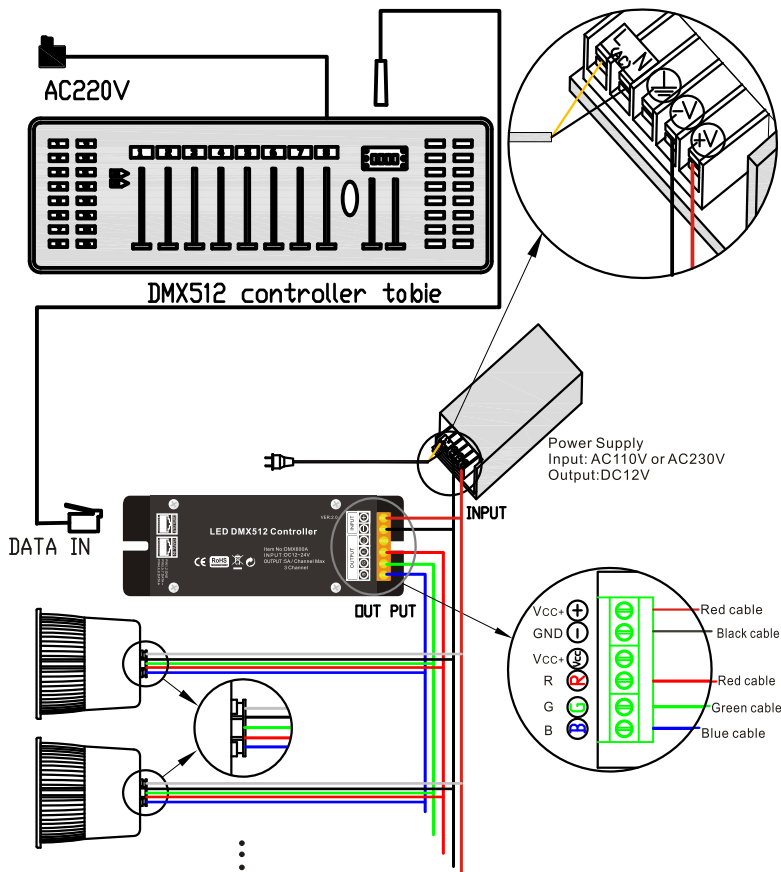

- With 3 in 1 RGB high power led.
- Can show the magic lighting effect with DMX controller.
- Ceramic material housing with excellent heat conduction.
- Glass lens with light transmittance of 98%.
- Life span up to 25,000hours.
- Environmental protection, no mercury and hazardous substances.
- Conforming to International Standard
- Widely used for indoor lighting, such as hotel, restaurant and home lighting, etc

Specification:

- Size: $\phi 50 * H47$ mm
- Lighting source: 3 in 1 RGB.
- Input Voltage: 12V DC
- View Angle: 90degree
- Power consumption: 3W
- Color Rate: 256x256x256
- Can be driven by DMX512 controller

Connection:

Application:

ATTENTION

- Indoor Use ONLY, Protect it against dripping water and splash water, high air humidity and heat (admissible ambient temperature range 0-40°.)
- For cleaning only use a dry, soft cloth; never use chemicals or water.
- No guarantee claims for the unit and no liability for any resulting personal damage or material damage will be accepted if the unit is used for other purposes than originally intended, if it is not correctly connected or operated, if it is over-loaded or not repaired in an expert way.

WARNING

- Please check before installation that the LED light input voltage fits to the voltage showed on the lamp and controllers.
- Please notice the input volt mentioned on the controller, do not reverse the anode and cathode.
